COMMUNICATION

Sir:

The courtesy of the interview extended by Examiner Hoang M. Nguyen on August 14, 2006 to F. Lindsey Scott is again acknowledged with appreciation.

At this interview, the entry of references contained in the Supplemental Information Disclosure mailed to the Patent Office March 28, 2006 was discussed. The Examiner stated that the copy of the Supplemental Information Disclosure received by the Patent Office was illegible and as a result the disclosed references were not shown on PTO Form 892. A 312 Amendment was thereafter forwarded to the Examiner on August 17, 2006, with an attached copy of the earlier Supplemental Information Disclosure Statement.

Upon further communication with Examiner Nguyen, Applicants discovered that while the patent application serial number referenced on the Supplemental Information Disclosure Statement cover sheet mailed March 28, 2006 was correctly listed, the citation sheet erroneously referenced a sister case and therefore these references have not been reaching the Examiner on this case. Applicants profusely apologize for this error.

It is hereby requested that the corrected citation sheet submitted herewith be substituted for the erroneous citation sheet forwarded March 28, 2006, that these current references be considered and that the PTO Form 892 mailed July 11, 2006 be revised to include the references shown on the Supplemental Information Disclosure Statement citation sheet attached hereto.

It is assumed that the earlier cited references by Applicants in an I.D.S. attached to the Office Action mailed July 7, 2005 have been considered and will be listed on the issued patent. If such is not presently the state of the file, it is respectfully requested that they be listed on the issued patent.

Respectfully submitted,

A handwritten signature in cursive script that reads "F. Lindsey Scott". The signature is written in black ink and is positioned above the printed name.
